

## Cookie privacy policy

Cookies are small text files placed on a storage device that are read by a web server in the domain in which they were created. This information is often composed of alphanumeric strings that uniquely identify your computer, but may contain other information too. Some cookies are placed by a third person acting on our behalf. We use cookies and similar technologies to store and maintain your preferences and settings for logging in, delivering relevant advertisements, fighting fraud, analyzing our products and performing other reasonable tasks.

### Use of cookies and similar technologies

www.usagreencard.com uses cookies and similar technologies, depending on the context or product, for the purposes described below.

- Storing settings and preferences. We use cookies to store your preferences and settings on your device and to improve your experience. For example, if you enter your city or zip code to receive local news or weather information on www.usagreencard.com, we may, depending on your settings, save this data in a cookie so that the date in the future when you visit our site, you will see relevant local information. By storing your preferences in cookies, such as your preferred language, you will not need to reconfigure some settings.
- Login. We use cookies to authenticate the user. When you enter www.usagreencard.com using your personal account, we store a unique identifier on your device in an encrypted cookie. This cookie will allow you to navigate between pages on the website without having to log in to each page. You can also save your login information so that you don't have to reconnect every time you visit the site.
- Social networks. Some of our sites use cookies for social networks, including those that allow users who are connected to a social network to share content with their friends and followers who use that network.
- Comments and suggestions. www.usagreencard.com uses cookies to provide feedback on the site.
- Targeted advertising. www.usagreencard.com uses cookies to collect data about your online activity and to determine your interests, which allows us to serve ads that are more relevant to your interests. You may opt out of receiving targeted advertising from www. .usagreencard.com Corporation.
- Performance. www.usagreencard.com uses cookies to analyze and improve the performance of our products. For example, we use cookies to collect data to help balance the loading of the site to keep it running.

### Cookie management

Most browsers accept cookies automatically, but the user has the option to control the browser settings to block or delete cookies. For instructions on blocking or deleting cookies from other browsers, see your browser's privacy statement or help documentation.

- Setting Cookies in Internet Explorer – [Internet Explorer](#);
- Setting Cookies in Firefox – [Firefox](#);
- Setting Cookies in Chrome – [Chrome](#);
- Setting Cookies in Safari – [Safari](#);
- Setting Cookies in Edge – [Edge](#);
- Setting Cookies in Opera – [Opera](#).

Some functions of [www.usagreencard.com](http://www.usagreencard.com) products are based on the use of cookies. If you choose to block cookies, you will not be able to log in or use the features and settings that depend on them. When you delete cookies, the parameters and settings stored in these files are deleted, including the settings related to advertising; you will have to recreate them later.

#### Our use of web beacons and analysis services

Certain web pages of the [www.usagreencard.com](http://www.usagreencard.com) websites may contain electronic tags known as web flags, which are used to facilitate the placement of cookies on our websites, to determine the number of visitors to these websites, web sites and to share products with other companies. Web beacons or similar technologies are also included in advertisements or newsletters sent electronically to determine if these messages have been opened and what happened to them later.

In addition to posting web flags on our websites, we sometimes place our flags on websites or in advertisements from other companies we do business with. This helps us keep clickthrough statistics on the advertising links posted on [www.usagreencard.com](http://www.usagreencard.com), which led to purchases or other actions on the advertiser's website.

Finally, [www.usagreencard.com](http://www.usagreencard.com) products often contain web beacons and similar technologies that help collect statistics on the performance of our advertising campaigns and other operations. These technologies allow analytics companies to

store and read their own cookies and other identifiers on your device: With these cookies, analytics companies collect information about your actions in applications, websites, and other products. However, they are prohibited from using web beacons on our sites to access information or collect personally identifiable information (such as name or e-mail address ). You may opt out of collecting or using this data by clicking on the links below.

#### Other similar technologies

In addition to cookies and standard web beacons, our products may also use similar technologies to store and read data files on your computer. They are usually used to save your settings, as well as to increase performance and performance. efficiency by locating files locally. Unlike standard cookies, these technologies can be used to store a unique identifier for your computer, which can be used to track a variety of transactions.
